PF51 DUAL DRIVE CONTROL PANEL

RoHS Certified, CE Marked

▶ Features & Benefits

» **IP66 Protected** enclosure with cord strain reliefs

» **Dual 200 watt controllers** for brushless DC geatmotors

» **230 volt, single phase 50 or 60 Hz power input, 10 amp Max**

» **Includes internal circuit breaker** compatible with GFCI

» **M12, 4 pole female, receptacle connection to emergency stop circuit with illuminated button (supplied by KES)**

» **Relays to halt conveyor when emergency stop is pressed or guard is removed from either conveyor,** condition indicated by LED lights on the relays

» **Dual 3 position start/stop/reset switch for each conveyor**

» **Speeds are preset** to 1800 rpm (Conveyor 1) and 1800 rpm (Conveyor 2)

» **1.9m cable for Conveyor 1/PRP** outside enclosure with bare leads for the KES's Harting connector

» **1.5m cable for Conveyor 2/ECU** outside enclosure with 3 modular connectors

» Intended for use in kit with additional cabling
